ACADEMIC PROJECTS & SIMULATIONS

Instagram Content | Yotes Business & Accounting

Fall 2025-Present

The College of Idaho | Canva, Instagram | Course Project

- Designed Canva graphics and wrote captions for business fun facts and college event posts.
- Took photos for event content and submitted drafts to the professor for review and publication.
- Contributed during Fall 2025, Spring 2026, and Fall 2026 to help keep the account active.

Digital Marketing Simulation | Stukent

April 2026

Buhi Supply Co. | Course Simulation

- Worked with simulated search, display, remarketing, and shopping advertising campaigns.
- Reviewed campaign performance and adjusted simulated budgets and targeting to support campaign goals.

Social Media Simulation | Stukent

December 2025

Course Simulation

- Planned paid and organic social media content and practiced audience targeting in a simulated setting.
- Reviewed engagement and conversion results to guide content and campaign decisions.

College Admissions Predictive Modeling

Spring 2025

R, tidymodels, Logistic Regression, Quarto

- Analyzed three years of anonymized college admissions data to predict enrollment likelihood.
- Combined datasets, grouped sparse categories, and explained factors associated with enrollment.

WORK EXPERIENCE

Café Supervisor | Bon Appétit, The College of Idaho

Fall 2023-Present

- Assign staff tasks and help keep daily café service running smoothly.
- Train new staff on café procedures, service expectations, and cleaning routines.
- Handle opening and closing duties and maintain a clean, organized workspace.

Campus Safety Office Assistant | The College of Idaho

March 2024-Present

During college breaks

- Answer campus safety calls and assist with security concerns and general inquiries.

Data Entry Operator | Nepal Red Cross Society, Kathmandu

August-September 2022

- Entered donor health records for blood bank operations and checked records for accuracy.
